

Team Working Agreement

Participation :

- All team members are expected to attend scheduled meetings promptly and be prepared with progress updates.
- Attendance is mandatory unless there is an exceptional circumstance.
- If a member anticipates missing a meeting, they must inform the team leader in advance and review the meeting minutes before the next meeting.
- Repeated absence without communication may negatively impact team performance and collaboration.

Meetings :

- The team will meet virtually on Mondays and Fridays via Zoom or Google Meet.
- The team leader is responsible for scheduling meetings and sharing meeting links.
- Meeting minutes will be recorded after each meeting to track decisions, tasks, and progress.
- Each member is expected to:
 - Provide progress updates
 - Participate actively in discussions
 - Contribute ideas and suggestions

Communication :

- To ensure smooth collaboration, the team will use multiple communication channels:
- Zoom / Google Meet – Weekly sprint meetings and structured discussions
- WhatsApp Group – Urgent updates, quick clarifications, and day-to-day communication
- Google Docs – Sharing and collaboratively editing final deliverables
- Project Tracking Tools – Used for tracking:
 - Database management
 - Bug tracking
 - Attendance
 - Weekly planning
 - Meeting minutes
 - Sprint progress and Sprint Burndown Charts using Jira Software
- All members are encouraged to keep cameras on during virtual meetings to foster transparency and team trust.

Work Division & Task Ownership :

- Project tasks will be assigned during sprint planning with clear ownership.
- Responsibilities will be distributed as equally as possible among team members.
- Each member commits to completing assigned tasks before the agreed deadline.
- If a member faces challenges or blockers, they must communicate early so the team can provide support.
- Cross-support is encouraged, especially during high workload periods.

Work Quality & Collaboration:

- Work should be shared early for peer review and constructive feedback.
- Members are expected to maintain high standards of quality and professionalism.
- Mutual respect, accountability, and collaborative spirit are essential.
- All contributions should align with project requirements and deadlines.
