

SPRINT 0

Issue Type	Name
Task	Work on Deliverable 1 Presentation
Task	Establish Weekly Meetings
Task	Establish Team Roles
Task	Setup Development Tools (GitHub, Google Sheets)
Task	Technology Stack Selection

- In Sprint 0, we decided on our web application idea.
- We created our schedule, and team working agreement and assigned each team member their roles
- We also set up our development tools which we use for 4 sprints to create, maintain and update our web application and communication.
