

User Persona 1: Ethan Miller

Young Professional & Retail Investor

Age: 29 **Location:** Austin, Texas **Job:** Software Engineer **Salary:** \$95K - \$120K/year
Family: Lives with partner **Investment Level:** Beginner to Intermediate

Goals

- Understand Value-at-Risk clearly
- Simulate market crash scenarios
- Get simple portfolio risk scores
- Improve long-term returns
- Make safer investment decisions

Frustrations

- Cannot clearly measure portfolio risk
- Hard to understand downside scenarios
- Too many scattered finance tools
- Confusing probability models
- Lacks simple visual risk insights

Interests

Personal finance and investing • Portfolio tracking apps • Market trend analysis
• Tech and automation tools • Financial podcasts • Long-term wealth building
