

Persona: Business Owner / Wealth Planner

Carlos Ramirez is a 45-year-old small business owner who manages both business and personal investments. He closely follows economic events and sector trends but struggles to understand how global disruptions ripple across industries and affect his holdings. He prefers visual and scenario-based tools rather than purely statistical outputs. His frustration is the lack of clear cause-and-effect visibility in traditional finance platforms. He uses RippleWealth to visualize impact chains, evaluate sector dependencies, and stress-test investment strategies so he can build more resilient financial plans.
